Subject: Safe Transportation of Students

Dear Parents,

You are requested to ensure that the rickshaw or any other private transport arranged for your child is not overcrowded. As per government safety guidelines, carrying more children than the permitted capacity is not allowed and may put students at risk.

The school strongly advises all parents to use only safe and properly managed transportation for their children. Please note that the school shall not be held responsible for any accident, injury, or untoward incident arising from the use of overcrowded or privately arranged transport.

Your cooperation in ensuring the safety and well-being of all students is highly appreciated.

Principal
